Attention all Nevada IFTA filers. Please be advised that Washington has had a tax rate increase beginning August 1, 2015. Their changes have been posted on the IFTA Tax Rate Matrix, available at www.iftach.org.

All IFTA carriers who traveled in Washington during the 3rd quarter of 2015 must declare their mileage and fuel used/purchased in the following way.

If the IFTA carrier has operations for both periods within the quarter:

Travel from 8/1/15 – 9/30/15 are entered on the IFTA tax return form 366 schedule 1 as the 1st line for Washington at the tax rate listed for that time period (\$0.4450 for diesel)

Travel from 7/1/15 – 7/31/15 are entered on the IFTA tax return form 366 schedule 1 as the 2nd line for Washington at the tax rate listed for that time period (\$0.3750 for diesel)

If the IFTA carrier has operations only for the period 8/1/15 – 9/30/15:

Only one line for Washington should be entered on the IFTA tax return form 366 schedule 1 at the tax rate listed for that time period (\$0.4450 for diesel)

If the IFTA carrier has operations only before 8/1/15 (7/1/15 – 7/31/15):

The first line will be entered with zero for distance/fuel on the IFTA tax return form 366 schedule 1 for Washington.

The 2nd line will be entered on the IFTA tax return form 366 schedule 1 with actual distance/fuel at the tax rate listed for that time period for Washington. (\$0.3750 for diesel)

For all other fuel tax rates please go to www.iftach.org
