- It is the carrier's responsibility to provide the Motor Carrier Division with their current mailing address at the time of renewal each year, and to provide address changes timely, so registration packets and invoices can be sent to the carrier via the United States Postal Service. If the carrier does not receive the invoice and/or registration information timely, it is the carrier's responsibility to call and request the registration and/or payment information so there is adequate time to file the information and/or make the payment before the due date. Upon receiving a request for information, the Motor Carrier Division may provide the information via fax, mail, or over the phone.
- It is the carrier's responsibility to ensure that the postmark cancellation date is prior to the due date of the registration payment if the payment is being mailed to the Motor Carrier Division.

A schedule of registration/fuel payment and filing dates is provided above for convenience.
